

## Steps for locating UHC in-network Medical Providers

1. Go to [www.welcometouhc.com](http://www.welcometouhc.com) to look for in-network providers.
2. Use the down arrow on “What do you want to do,” to choose “find a network doctor or hospital”
3. The next page asks for the plan name. Select Choice Plus unless you have the Out of Area plan. If you have the Out of Area plan, select Choice.
4. On the next page, change the location if it does not display the location you want. Then you can type a specific name in the search box or search by one of the category choices.
