

## What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health care services, when possible.

## What are the benefits of the UnitedHealthcare Tiered Benefit Plus Plan?

### Get more protection with a national network and save with Tier 1 providers.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You can receive care from anyone in or out of our network, but you can save more money when you use the network. You can save even more when you use UnitedHealth Premium® Tier 1 providers.

- > **Pay less by using UnitedHealth Premium Tier 1 providers.** They have been recognized for providing value.
- > **There's coverage if you need to go out of the network.** Out-of-network means that a provider does not have a contract with us. Choose what's best for you. Just remember out-of-network providers will likely charge you more.
- > **There's no need to choose a primary care provider (PCP) or get referrals to see a specialist.** Consider a PCP; they can be helpful in managing your care.
- > **Preventive care is covered 100% in our network.**

**Not enrolled yet?** Search for network doctors or hospitals at [welcometouhc.com](http://welcometouhc.com) or call 1-866-873-3903, TTY 711, 8 a.m. to 8 p.m. local time, Monday through Friday.

### Are you a member?

Easily manage your benefits online at [myuhc.com](http://myuhc.com)® and on the go with the **UnitedHealthcare Health4Me**® mobile app.

For questions, call the member phone number on your health plan ID card.

## Benefits At-A-Glance

### What you may pay for network care

This chart is a simple summary of the costs you may have to pay when you receive care in the network. It doesn't include all of the deductibles and co-payments you may have to pay. You can find more benefit details beginning on page 2.

Co-payment (Your cost for an office visit)	Individual Deductible (Your cost before the plan starts to pay)	Co-insurance (Your cost share after the deductible)
20%	\$450	20%

This Benefit Summary is to highlight your Benefits. Don't use this document to understand your exact coverage for certain conditions. If this Benefit Summary conflicts with the Certificate of Coverage (COC), Schedule of Benefits, Riders, and/or Amendments, those documents are correct. Review your COC for an exact description of the services and supplies that are and are not covered, those which are excluded or limited, and other terms and conditions of coverage.

## Your Costs

In addition to your premium (monthly) payments paid by you or your employer, you are responsible for paying these costs.

#### Annual Deductible

##### What is an annual deductible?

The annual deductible is the amount you pay for Covered Health Care Services per year before you are eligible to receive Benefits. It does not include any amount that exceeds Allowed Amounts. The deductible may not apply to all Covered Health Care Services. You may have more than one type of deductible.

- > Your co-pays don't count towards meeting the deductible unless otherwise described within the specific covered health care service.
- > All individual deductible amounts will count towards meeting the family deductible, but an individual will not have to pay more than the individual deductible amount.

Medical Deductible - Individual	\$450 per year	\$450 per year
Medical Deductible - Family	\$1,350 per year	\$1,350 per year

#### Out-of-Pocket Limit

##### What is an out-of-pocket limit?

The Out-of-Pocket Limit is the maximum you pay per year. Once you reach the Out-of-Pocket Limit, Benefits are payable at 100% of Allowed Amounts during the rest of that year.

- > All individual out-of-pocket limit amounts will count towards meeting the family out-of-pocket limit, but an individual will not have to pay more than the individual out-of-pocket limit amount.
- > Your co-pays, co-insurance and deductibles (including pharmacy) count towards meeting the out-of-pocket limit.

Out-of-Pocket Limit - Individual	\$1,000 per year	\$1,000 per year
Out-of-Pocket Limit - Family	\$3,000 per year	\$3,000 per year

### **What is co-insurance?**

Co-insurance is the amount you pay each time you receive certain Covered Health Care Services calculated as a percentage of the Allowed Amount (for example, 20%). You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

### **What is a co-payment?**

A Co-payment is the amount you pay each time you receive certain Covered Health Care Services calculated as a set dollar amount (for example, \$50). You are responsible for paying the lesser of the applicable Co-payment or the Allowed Amount. Please see the specific Covered Health Care Service to see if a co-payment applies and how much you have to pay.

### **What is Prior Authorization?**

Prior Authorization is getting approval before you receive certain Covered Health Care Services. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However there are some Benefits that you are responsible for obtaining authorization before you receive the services. Please see the specific Covered Health Care Service to find services that require you to obtain prior authorization.
